HC72 Box 800
Tok, Alaska 99780

Dear Ms. Entsminger,

It is my pleasure to inform you that the Eastern Interior Alaska Subsistence Regional Advisory Council (Council) has reappointed you to the Wrangell-St. Elias National Park Subsistence Resource Commission (Commission). The Council voted unanimously in support of your appointment during its public meeting held in Fairbanks on October 10, 2024.

Section 808 of the Alaska National Interest Lands Conservation Act established the Commission to develop and recommend to the Secretary of the Interior and to the Governor of Alaska a program for subsistence hunting within Wrangell-St. Elias National Park. The Federal Advisory Committee Act and the enclosed charter direct the operation of the Commission. The Commission is comprised of local rural residents representing geographic, cultural, and user diversity within the Region. Three members are appointed by the Secretary of the Interior, three by the Governor of Alaska, and three by the Council. Members appointed by the Council must be active subsistence users and serve on either a local Fish and Game Advisory Committee or a Regional Advisory Council within the Region and also engage in subsistence uses within the park. Each member's term on the Commission is three years unless they resign or are removed for cause by the appointing source.

Administrative and technical support for the Commission is the responsibility of the National Park Service. If you have questions regarding this appointment, please contact Barbara Cellarius, Cultural Anthropologist, Wrangell-St. Elias National Park and Preserve, (907) 822-7236 or barbara_cellarius@nps.gov. We greatly appreciate your willingness to serve in this capacity.

Sincerely,

Robert "Charlie" Wright, Sr.,
Chair
