**BUREAU OF LAND MANAGEMENT - FY23 PROJECT LIST**

ID	Priority	Bureau	Funding Year	Station or Unit Name	Project/Activity Title	Short Description	State(s)	Congressional District(s)	FY23 GAOA Funding Estimate (\$000)
L301	1	BLM	2023	Elko District	Elko District Office Building Replacement & Repairs	This project replaces the aging Elko District Office buildings with a single building to increase efficiency and sustainably by eliminating safety hazards and reducing energy impacts. This project will reduce the building footprint which should decrease future operation and maintenance costs and benefit the public by creating a single location to obtain information and permits for nearly all Federal lands in the area. Additional work includes, repairing the California Trail Interpretive Center HVAC system to restore reliability and improve energy efficiency.	NV	NV02	\$ 12,830
L302	2	BLM	2023	Northwest Oregon District	Yaquina Head Outstanding Natural Area Site Maintenance	Yaquina Head Outstanding Natural Area is a highly visited recreational destination that offers a historic lighthouse, exceptional views of the Oregon coast, nesting seabirds and marine mammals, and a fantastic interpretive experience. Safety issues and necessary maintenance have been identified and will be addressed with this project which includes renovation and repairs to the interpretive center, field station, lighthouse parking area, and appurtenant features around the site.	OR	OR05	\$ 9,582
L303	3	BLM	2023	Anchorage District	Glennallen Warehouse Consolidation	The Glennallen Field Office storage buildings support the numerous recreation and resource programs across 4 million acres of public land. This project consolidates numerous scattered warehouse, storage, and maintenance facilities, totaling approximately 6,440 square feet, into one consolidated facility of approximately 5,900 square feet. The replacement facility will address a considerable amount of deferred maintenance and offer better asset protection and a safer working space for staff.	AK	AKAL	\$ 4,706
L304	4	BLM	2023	Gila District	Hot Well Dunes Facilities and Site Repairs	The Hot Well Dunes Special Recreation Management Area provides 2,000 acres of rolling sand dunes offering the visiting public hiking, hunting, and camping opportunities. This project repairs various recreation site facilities and appurtenant features, and reconstructs the main site road to accommodate the recreating public.	AZ	AZ02	\$ 5,180
L305	5	BLM	2023	West Desert District	Little Sahara Recreation Area Maintenance, Phase II and III	The Little Sahara Recreation Area covers 60,000 acres of sagebrush flats, juniper-covered hills, and free moving sand and provides an experience unlike any other for off-highway vehicle fun and camping. This project includes repairs to the campground and parking lots, as well as asphalt road maintenance.	UT	UT02	\$ 6,057
L306	6	BLM	2023	Northeastern States District	Meadowood Repairs	This project includes the repair of the Colchester parking lot fences, the replacement of the Wood Thrush Loop culvert, and the demolition of the Belmont House which was replaced by a new visitor center.	VA	VA08	\$ 400
L307	7	BLM	2023	High Desert District, Wind River-Bighorn Basin District, and High Planes District	Wyoming Safety of Dams Repairs and Maintenance, Phase II	This project builds on the previous FY21 and FY22 GAOA investments to perform Phase II repairs on high hazard dams within Wyoming. Maintenance of these dams and reservoirs reduces safety risks and provides continued resource benefits and recreation opportunities for the public.	WY	WYAL	\$ 5,263
L308	8	BLM	2023	Coeur d'Alene District, Idaho Falls District, and Twin Falls District	Idaho Recreation Site Repairs	This project includes recreation site maintenance and repairs across three districts in Idaho. Work includes boat ramp and dock repairs, replacement of picnic tables and fire rings, parking and access road maintenance, and irrigation and water system repairs among other maintenance and safety repairs to assure the well-being of the recreating public.	ID	ID01, ID02	\$ 6,377

**BUREAU OF LAND MANAGEMENT - FY23 PROJECT LIST**

ID	Priority	Bureau	Funding Year	Station or Unit Name	Project/Activity Title	Short Description	State(s)	Congressional District(s)	FY23 GAOA Funding Estimate (\$000)
L309	9	BLM	2023	California Desert District	Cahuilla Ranger Station Replacement	This project will advance employee and public health and safety by improving law enforcement and rescue staff response and support at the Imperial Sand Dunes Recreation Area by constructing a facility to accommodate operational needs. The existing Cahuilla Ranger Station is an aging modular structure in poor condition, and the replacement facility will incorporate resiliency in design and utilize energy efficiencies with solar power.	CA	CA52	\$ 8,225
L043	10	BLM	2023	Farmington District	Wild Rivers Back Country Byway Repairs, Phase II	This project funds Phase II of the investment, repairing outstanding deferred maintenance issues and repaving the Wild Rivers Backcountry Byway within the Rio Grande del Norte National Monument.	NM	NM03	\$ 4,851
L310	11	BLM	2023	Vale District	Vale District Building Renovation	This project will address overdue repairs at two administrative buildings in the Vale District to address deferred maintenance and improve the condition of buildings that are used by staff and the public. The project will correct deficiencies in the Vale District Main Office including energy efficient lighting, electrical system and HVAC deficiencies, and interior feature repairs. The Ecological Site Inventory building will be replaced due to significant structural damage that occurred after a recent snow event.	OR	OR02	\$ 4,557
L210	12	BLM	2023	Grand Junction Air Center	Grand Junction Air Center Tanker Base Repairs, Phase II	This project repairs the Grand Junction Air Center (GJAC) complex, a multi-purpose wildland fire management and operation center that plays a critical role in national interagency wildland fire support. The project will eliminate safety hazards by replacing multiple structurally deficient buildings with a single cost-effective building that will consolidate units to increase efficiency and reduce operation costs. Additional structural repairs to the Tanker Base concrete apron pavement will correct multiple deficiencies and bring the apron into compliance with FAA requirements.	CO	CO03	\$ 3,470
L312	13	BLM	2023	Eastern Montana Dakotas District, North Central District, Western Montana District	Recreation, Roads, Dams, and Building Repair Project	This project will repair outstanding maintenance on dams, roads, recreation sites, and buildings across Montana. Work includes repairs to dam embankments and associated infrastructure, grading and resurfacing aggregate roads, renovating trailheads to improve safety and visitor experience and, repairing administrative buildings and associated infrastructure to provide efficient operations and reduce future maintenance costs.	MT	MTAL	\$ 7,681
L311	14	BLM	2023	National Interagency Fire Center	Airfield Ramp Tarmac Replacement	This project will replace the most deteriorated portions of the airfield ramp tarmac at the National Interagency Fire Center (NIFC). The replacement will be performed in accordance with Federal Aviation Administration (FAA) circular requirements.	ID	ID01	\$ 2,500
		BLM	2023		Program Administration (Indirect Costs)	Program Administration (Indirect Costs)			\$ 2,850
		BLM	2023		Contingency Fund	Contingency Fund			\$ 10,471
<b>Total</b>									<b>\$ 95,000</b>

**NATIONAL PARK SERVICE - FY23 PROJECT LIST**

ID	Priority	Bureau	Funding Year	Station or Unit Name	Project/Activity Title	Short Description	State(s)	Congressional District(s)	FY23 GAOA Funding Estimate (\$000)
N076	1	NPS	2023	Everglades National Park	Rehabilitate Parkwide Water and Wastewater Systems	This project rehabilitates the underground water and wastewater collection network at the Flamingo District and the Pine District. Work includes replacing lines, lift stations, pumps and other associated components.	FL	FL26	\$ 36,916
N083	2	NPS	2023	Petrified Forest National Park	Rehabilitate Painted Desert Community Complex	This project rehabilitates Mission 66 era buildings to address structural defects, deferred maintenance, code compliance issues, and deteriorating historic features.	AZ	AZ01	\$ 33,327
N064	3	NPS	2023	Natchez Trace Parkway	Rehabilitate Sections of the Natchez Trace Parkway - Phase II	This project performs pavement maintenance, repairs, and replacement, and surface treatments at existing bridges. Audible traffic markers and a pavement safety edge will be installed to reduce the number of accidents currently taking place on the parkway. Culvert and bridge repairs or replacements will be completed within the project limits.	MS	MS01, MS02	\$ 46,212
N099	4	NPS	2023	Preservation Maintenance Action Teams at Multiple Parks	Maintenance Action Team	The Legacy Restoration Fund/Maintenance Action Teams (MATs) project provides funding for prioritized deferred maintenance (DM) activities at small and medium sized parks that focus on one or more critical systems that are beyond their typical life cycle and require repairs, rehabilitation, stabilization or preservation to return them to an acceptable condition that can be maintained through regular preventative and recurring maintenance. These maintenance activities will be executed via the creation of MATs developed and managed by regions and paired with parks to achieve cost efficiencies and strengthen capacities within the NPS workforce by using a combination of in-house staff and employing permanent and term positions across multiple traditional trades and disciplines to complete maintenance activities Service wide. Partners, conservation corps, veterans, and contractors may also be used to execute specialized MAT project work.	Multiple	Multiple	\$ 20,000
N100	5	NPS	2023	National Mall & Memorial Parks	Rehabilitate Seawalls and Shoreline Landscape at the Tidal Basin and West Potomac Park	This project rehabilitates the most critical portions of the seawalls and shoreline landscape at the National Mall and Memorial Parks. Existing stone masonry seawall will be removed and a new wall will be constructed along the historic alignment. Where feasible, the stone masonry from the historic wall will be salvaged. Sidewalks and landscaping in areas impacted by construction will be replaced.	DC	DCAL	\$ 124,292
N101	6	NPS	2023	San Francisco Maritime National Historical Park	Rehabilitate Hyde Street Pier and the National Historic Landmark Eureka Ferryboat	This project rehabilitates the National Historical Landmark Steam Ferry Boat Eureka to prevent its impairment due to severe structural deterioration. This project will also remove and replace the Hyde Street Pier to address deferred maintenance, code compliance, accessibility and programmatic deficiencies. In addition, this project will implement critical physical & programmatic improvements to increase accessibility and enhance visitor experience.	CA	CA12	\$ 102,282
N102	7	NPS	2023	Haleakala National Park, Hawaii Volcanoes National Park, Kalaupapa National Historical Park	Rehabilitate Perimeter Fences to Protect Park Resources	This project will rehabilitate deteriorated exclusionary fencing - the primary tool to protect native ecosystems, watersheds, cultural resources, and endangered plants and birds from damage by non-native animals. Protection of these ecosystems is vital to Native Hawaiians and to the park visitor experience.	HI	HI02	\$ 30,539
N104	8	NPS	2023	Glen Canyon National Recreation Area	Rehabilitate Critical Utility Systems	This project will rehabilitate water supply, treatment, storage and distribution systems at Glen Canyon National Recreation Area.	AZ, UT	AZ01, UT02	\$ 72,489

ID	Priority	Bureau	Funding Year	Station or Unit Name	Project/Activity Title	Short Description	State(s)	Congressional District(s)	FY23 GAOA Funding Estimate (\$000)
N106	9	NPS	2023	Fort Sumter and Fort Moultrie National Historical Park	Repair or Replace Docks at Ft Moultrie and Liberty Square	This project will replace and rehabilitate docks across the park to improve visitor access and safety.	SC	SC01	\$ 17,868
N107	10	NPS	2023	Independence National Historical Park	Rehabilitate the Interior and Exterior of First Bank	This project will restore the interior and exterior of the First Bank of United States, allowing NPS to re-open the building to the public.	PA	PA03	\$ 30,163
N110	11	NPS	2023	Golden Gate National Recreation Area	Stabilize and Rehabilitate Alcatraz Island Historic Structures	This project will repair deterioration and structural weaknesses of the exterior walls of the Alcatraz Prison Hospital wing.	CA	CA12	\$ 63,584
N112	12	NPS	2023	Yellowstone National Park	Rehabilitate Old Faithful Wastewater Collection & Treatment System	This project will rehabilitate the Old Faithful wastewater collection and treatment system and their associated appurtenances.	WY	WYAL	\$ 33,630
N109	13	NPS	2023	Grand Canyon National Park	Rehabilitate the North Rim and Roaring Springs Utility Systems - Phase I	This project will rehabilitate the water system and associated appurtenances and support structures.	AZ	AZ01	\$ 61,140
N111	14	NPS	2023	Gateway National Recreation Area	Rehabilitate Deteriorated and Failing Mission-Critical Utility System Infrastructure - Phase I	This project will rehabilitate critical water, wastewater, stormwater, and electrical utility systems across the park. In addition, associated appurtenances and support structures will be rehabilitated.	NY	NY11	\$ 34,150
N118	15	NPS	2023	Great Basin National Park	Rehabilitate Deteriorated Wastewater Collection and Water Distribution Systems	This project will replace the deteriorated 1960's wastewater collection system and the failing Cave Springs water distribution system. Water lines will be replaced from the updated storage/treatment plant to all facilities. This is the park's only source of potable water to park facilities and it is also the only source of water for fire prevention.	NV	NV04	\$ 4,504
N119	16	NPS	2023	Virgin Islands National Park	Replace Cinnamon Bay Waste Water Treatment Plant and Trunk Bay Reverse Osmosis Plant	This project will replace the Cinnamon Bay Waste Water Treatment Plant and Trunk Bay Reverse Osmosis Plant with improved processing capacity, automation, and electrical components.	VI	VIAL	\$ 4,778
N115	17	NPS	2023	Hot Springs National Park	Rehabilitate Historic Bathhouses	This project will result in comprehensive rehabilitation of the Maurice Bathhouse by replacing electrical, HVAC, fire suppression, and roofing, while repairing various components of the structure and site. This effort will result in creating an economically viable leasing opportunity for adaptive reuse of this historic structure.	AR	AR04	\$ 16,729
N114	18	NPS	2023	Indiana Dunes National Park	Rehabilitate Historic Structures	This project will rehabilitate historic structures by performing code-compliant stabilization of the facilities, connecting to municipal utility systems, improve accessibility, and implementing efficient and sustainable energy systems.	IN	IN01	\$ 14,812
N116	19	NPS	2023	Freedom Riders National Monument, Birmingham Civil Rights National Monument	Rehabilitate Civil Rights Related Structures Including the Greyhound Bus Depot, Mural Building, and Interior of A. G. Gaston Motel	This project will rehabilitate the Greyhound Bus Depot and Mural Building in Anniston, Alabama where a small interracial band of "Freedom Riders" challenged discriminatory laws requiring separation of the races in interstate travel. This project will also rehabilitate the original 1954 wing of the A.G. Gaston Motel, one of the center points of the Civil Rights Movement, where Martin Luther King Jr and others planned non-violent protests of the mid-1960's.	AL	AL03, AL07	\$ 7,451
N108	20	NPS	2023	Clara Barton National Historic Site	Rehabilitate the Clara Barton National Historic Site	This project will rehabilitate the 130-year old Clara Barton House including extensive exterior and interior repairs. An ABAAS compliant building entry and restroom will be installed. New energy efficient equipment will replace obsolete HVAC, electrical, and plumbing systems.	MD	MD08	\$ 14,982

N117	21	NPS	2023	Craters Of The Moon National Monument & Preserve, Hagerman Fossil Beds National Monument, Minidoka National Historic Site	Rehabilitate Operational Buildings at Idaho Parks	This project will address the parks' maintenance operation buildings and support expanded operational requirements at all three parks. Employee safety will be improved by installing or upgrading fire suppression systems.	ID	ID02	\$ 9,932
N113	22	NPS	2023	Boston National Historical Park	Rehabilitate Building 107 and Demolish Hoosac Stores Warehouse Building - Phase I	This project will rehabilitate Building 107 at the Charlestown Navy Yard to house maintenance shops and office space for Boston National Historical Park. In addition, this project will demolish the Hoosac Stores Warehouse Building.	MA	MA07	\$ 36,628
N123	23	NPS	2023	Delaware Water Gap National Recreation Area	Rehabilitate and Repair Critical Sections of Old Mine Road	This project will improve Old Mine Road, including pulverizing and overlaying with 3 inches of asphalt, removing existing pavement & base sections, excavating wet subbase, replacing culverts & other drainage improvements, placing new aggregate base & hot mix asphalt binder & surface course, line striping, and replacing guardrails.	NJ	NJ05	\$ 16,869
N120	24	NPS	2023	Chickamauga & Chattanooga National Military Park	Repair, Rehabilitation, Reconstruction of Roads and Parking	This project will repair and rehabilitate several park roads and parking areas.	GA	GA14	\$ 5,666
N121	25	NPS	2023	Pictured Rocks National Lakeshore, Sleeping Bear Dunes National Lakeshore	Rehabilitate High-Priority NPS Roads in Michigan	This pavement preservation project will provide seal coat, mill & overlay and full depth replacement along with other preventative maintenance on the majority of asphalt roads and parking lots located throughout the parks. Pavement preservation will be conducted on main park roads, parking areas, secondary roads, and administrative roads.	MI	MI01, MI04	\$ 6,625
N122	26	NPS	2023	George Washington Carver National Monument, Ozark National Scenic Riverways, Wilson's Creek National Battlefield	Rehabilitate High-Priority NPS Roads in Missouri	This pavement preservation project will provide seal coat, mill & overlay and full depth replacement along with other preventative maintenance on the majority of asphalt roads and parking lots located throughout the parks. Pavement preservation will be conducted on main park roads, parking areas, secondary roads, and administrative roads.	MO	MO07, MO08	\$ 15,156
N124	27	NPS	2023	New River Gorge National Park and Preserve	Remove Excess Structures and Abandoned Buildings Parkwide and Address Utility Needs – Phase I	This project will provide the funds to demolish fifteen structures (eight homes and associated improvements and seven developed site buildings), dispose of the debris properly, and return the sites to their natural surroundings. Landscaping these areas will help return them to their natural contour and selective plantings will help to reintroduce native species of vegetation. Roads to these sites will be removed, except in the case of some of the developed sites, where roads need to be maintained.	WV	WV03	\$ 1,237
