RECORDINGS: Commencements -- 4th Floor Studio, 4041 East

Video: Candlelight Vigil livestream, National Law Enforcement Memorial and Museum (NLEMM)

Length: 1min

Date: 5/13

University of Arizona, UofA James E. Rogers College of Law

Length: 5mins

Commencement Date: 5/11

Background: one of the leading national and global programs in indigenous peoples law and policy, and a community enriched by Native students, staff and faculty. About ten percent of our JD class each year is made of up Native students – the largest percentage of any US law school, and often the largest number of Native students, even though we are small.

The University of Arizona and our College of Law also have a strong emphasis on environmental, public lands and water law. Among our many distinguished graduates over 105 years has been former United States Secretary of the Interior Stewart Udall (and his brother, Morris).

College of the Atlantic (COA)

Length: 5mins

Commencement Date: 6/5

Background: celebrating only our 50th anniversary, but have been ranked the #1 environmentally-focused college by the Princeton Review for five years running. We have been focused on inspiring human ecological leadership since our inception. we are a community of just 350 students, 40 faculty members and about 70 support staff. We have capped our numbers because a small size allows us to teach and learn in the field, on projects, and because we are an institution based on participatory democracy, one where students, staff, and faculty manage the operations of the college; we have just one major -- Human Ecology. As such, we have no academic departments and an entirely interdisciplinary curriculum.
