When we met with Mr. Balash last week, we mentioned to him that we would follow up with him on Google training. He said he would like support with file management in email. Can you please help us find the best time to meet with Mr. Balash for 45M so we can walk him through Google mail and then we'll plan to follow up as needed. In addition, can you please confirm if he has obtained his PIV card? Our desktop support team will need to follow-up with him on remote access and a few other tools once he has his card. 3. Reason for Briefing/Meeting: Discuss ConocoPhillips Alaska's (CPAI) projects in the NPR-A, where CPAI is going strategically on the Western North Slope, and the current NPR-A IAP under review by DOI. 4. Attendees: Joe Marushack, President, ConocoPhillips Alaska; Lisa Bruner, Vice President of North Slope Operations & Development, ConocoPhillips Alaska; Scott Jepsen, Vice President, External Affairs & Transportation, ConocoPhillips Alaska; and Jon Goltz, Senior Counsel, ConocoPhillips Alaska. They will be accompanied by Kjersten Drager and John Dabbar from our DC Government Affairs team. On Jan 3, 2018, at 3:30 PM, Drager, Kjersten S <Kjersten.S.Drager@conocophillips.com> Kate, Happy New Year to you! In follow up to our discussion right before the holidays, we're going to have Joe Marushack, President of COP AK in town next week, along with a couple of others from our AK team, including Scott Jepsen who participated in our call as well and who was with us up at Alpine in August. We're hoping you can meet with us while our Alaska team is in town - either on Tuesday, Jan. 9 or Wednesday, Jan. 10. I don't want to circumvent the meeting request process but I know we're just coming off the holidays and I imagine requests are probably piled up so I wanted to be sure to shoot you a note as well to get this on your radar given our discussion about shooting for an in-person meeting sometime soon. In addition to Joe Marushack, the following will also be here: Lisa Bruner, Vice President of North Slope Operations & Development, ConocoPhillips Alaska; Scott Jepsen, Vice President of External Affairs & Transportation, ConocoPhillips Alaska; Jon Goltz, Senior Counsel, ConocoPhillips Alaska; McKie Campbell with Blue Water Strategies, one of our Alaska consultants. Talk soon, Kjersten

Bolden - I am writing to request a meeting with Mr. Joe Balash on January 10th or January 11th on behalf of Paul Thompson, the Executive Director of Ormat Technologies, Inc. Ormat is developer of commercial geothermal projects headquartered in Reno. They have built about 700 MW of geothermal around the world and have contributed equipment to several GW of others' projects. Almost all of Ormat's US-based projects are located on BLM lands, primarily in Northern NV and eastern California. Ormat has several projects in the late stages of permitting with BLM now, so we want to give Mr. Balash an update on those efforts. We also want to discuss the unique permitting burden that geothermal faces in the US and share our recommendations for common sense ways the process can be improved. Thank you for your consideration and please let me know if I can provide any additional information. Kaleb Kaleb D. Froehlich Vice President m:

(b) (6) 202.585.2342 K Froehlich@cassidy.com www.cassidy.com Ormat development of geothermal energy on public lands in NV, CA, UT, and elsewhere and targeted strategies for improving geothermal permitting. Ormat is an energy project developer and technology manufacturer headquartered in Reno, NV. We have about 1,100 employees in the United States. Ormat has about 800 MW of power generation in its portfolio today, and has built or helped build hundreds more for others. 90% of known geothermal in the United States is located on public lands. Geothermal pays a rental royalty for projects on DOI leases, as well as a production royalty of 1.75-3.5% for power produced, to the US Treasury. Ormat has several projects in the permitting pipeline now that we would like to go over, including: - A 30 MW expansion of an existing 30 MW project in Mono County, CA, called Casa Diablo IV. The ROD was issued with special groundwater monitoring conditions in January 2017 and drilling is underway now, but some in the local community continue to dispute the project and we want to keep things going smoothly. (see attachment). - A 48.5 MW expansion of the existing 83 MW McGinness Hills geothermal plant in Lander County, NV. We are expecting BLM to approve our EA for this development in the very near future. **Calendar:** Valgentina Bolden

**Description:**

From: Joe Nassar, Director, Office of Facilities and Administrative Services (OFAS)  
Raymond A. Limon, Director, Office of Human Resources  
Subject: Doggy Days at the Main Interior Building (MIB) The next Doggy Day in the MIB is scheduled for Friday, January 12, 2018. To ensure a safe and productive environment for both employees and dogs, we are providing rules and additional information for MIB Federal employees who are interested in bringing a dog to work, and for employees who prefer not to participate and may have concerns about the impact of Doggy Days on them. Bringing a dog to work is a privilege that comes with responsibility. No employee should feel required to participate in Doggy Days or feel unsafe or unable to work. In addition to the information below, you will also be required to submit an application and receive advance approval in order to participate. In order to foster a dog-friendly work environment and for the success of Doggy Days: Dogs must be fully housebroken, current on vaccinations, parasite-free (fleas, ticks, etc.), comfortable with people and other dogs, obedient, spayed or neutered, and of good hygiene (no strong odors or muddy paws). Any dog with a history that includes a bite of a person or another dog that required medical attention or resulted in formal complaint is ineligible to participate. Dogs must be at least 6 months old and in good health. Dog owners will be 100 percent responsible, 100 percent of the time for their dog's well-being, behavior and biological needs, including scooping, bagging, cleaning, and sanitizing as needed. Dog owners should doggy proof their office before bringing a dog to work (e.g. hiding electrical cords, covering trash receptacles). Dog owners must be respectfully attentive to coworkers who may be uncomfortable or distracted by their dog's behavior, proactively address distractions and be open to co-workers suggestions. Dog owners must keep dogs on a leash (and preferably harnessed) at all times and respect specified dog-free zones including the Bison Bistro, Watering Hole, 4th floor snack bar, kitchenettes, restrooms, child care center, Interior Museum, Indian Craft Shop, employee showers, IDRA store, postal unit and fitness center, as well as any office with a sign indicating it is a dog free zone. Any failure to comply with these rules may result in the Department denying a dog's participation. Employees should not bring dogs to work unless they have received approval. If you wish to bring your dog to Doggy Day on January 12, please complete the following dog profile application: [https://docs.google.com/forms/d/e/1FAIpQLSc3ug7uBqwuhhl6FkJdqu\\_hzSfVrYMocetmX3R9xk4gyMQHRg/viewform?c=0&w=1](https://docs.google.com/forms/d/e/1FAIpQLSc3ug7uBqwuhhl6FkJdqu_hzSfVrYMocetmX3R9xk4gyMQHRg/viewform?c=0&w=1) You must submit the application and return the signed attached Rules and Acknowledgement of Responsibility form by 10:00 a.m. on Monday, January 8, 2018. The signed Rules and Acknowledgement of Responsibility form should be sent to the OFAS Service Desk at [facilities@ios.doi.gov](mailto:facilities@ios.doi.gov) or you may hand-carry it to OFAS staff in 1500 East (Attention: Joe Nassar). You will be notified via email when your information (i.e., dog profile and signed form) has been reviewed and approved. You must present a copy of the approval email to building security on January 12, 2018, as you enter the building. For employees with allergies or other health concerns related to dogs, we are fortunate to have several human resources flexibilities that will allow employees to continue to work, re-arrange their work schedules, or take leave. Accordingly, the Department encourages supervisors and managers to allow the use of telework (for employees with signed telework agreements) to keep the government operating during this event. Employees who can be spared from their duties may also request to adjust their work schedule and use their Alternative Work Schedule day off or take annual leave, leave without pay, and/or previously earned compensatory time off or earned credit hours under a flexible work schedule, with supervisory approval. Using these flexibilities effectively will promote the exceptional mission of the Department. The Department may send anonymous surveys to employees in the MIB following the January 12, 2018 event to assess the success of the event. Please look for the survey and provide any feedback you might have. Should you have any questions, please contact Joe Nassar at (202) 208-5617 or [joseph\\_w\\_nassar@ios.doi.gov](mailto:joseph_w_nassar@ios.doi.gov).

**Calendar:** Steven Smith

**Who:**

Todd Wynn, Steven Smith, Joseph Balash, Katharine MacGregor, Timothy Williams, amy.nerison@state.nm.us, Vincent Devito

**Description:**

Background: Governor Martinez has led a coalition of western states to devise recommendations to streamline federal oversight of oil and gas development and expedite its permitting. Due to BLM permitting delays, New Mexico fails to realize approximately \$831,000 per day in state severance tax and the federal government fails to realize approximately \$1,473,000 per day in federal royalties. Annually, that's over \$300 million lost to New Mexico and over \$500 million lost to the federal government from lands located in New Mexico alone. Governors Staff: Amy Nerison, Cabinet Director, Office of the Governor Secretary Ken McQueen of the Energy, Minerals and Natural Resources Department Deputy Secretary Matthias Sayer of the Energy, Minerals and Natural Resources

**Description:**

Christopher Chapel (NextEra Energy Resources, Senior Vice President). NextEra is a technical partner in the pumped storage hydroelectric project. Rebecca: I will be happy to meet with you and your client on this matter. I've copied Tracie's temporary replacement to make sure we find a time that works for both of our schedules. I appreciate the background and will come to the meeting prepared for a substantive conversation. Joe On Fri, Jan 5, 2018 at 5:23 PM, Rebecca Watson <RWatson@wsmtlaw.com> wrote: Dear Joe - Congratulations on your confirmation to what I thought was the best job I have ever had. (I served as ASLM in the George W. Bush administration.) ASLM is at the center of what the President and the Secretary want to get accomplished at Interior so I know you will be kept busy and mentally stimulated. When people asked me what was the most interesting thing I experienced on the job - I always pointed to Alaska, so I will be interested to hear an Alaskan's answer to that question. Meeting Request. I am also writing to reinforce a meeting request that was made this week by Peter Umhofer, E2 Strategies, with whom I am working on behalf of Eagle Crest Energy. Peter and I would like to meet with you between January 25 - February 6, 2018. The purpose of the meeting would be to introduce you to the Eagle Crest Energy pumped hydro storage project in CA (Project) and request your signature on the BLM Decision Record. This Federal Power Act project has completed a FERCEIS process and was issued a FERC License in June 2014. On April 20, 2017, BLM completed a EA/FONSI for a FLPMA right-of-way for the Project linear features. The final action is the Decision Record. As you know, a secretarial decision is the final decision of Interior and thus negates any right of appeal to the IBLA, but leaves the option of a federal court appeal. In the case of energy projects, like the Eagle Crest Energy project, that need both a right-of-way (appeal to IBLA) and a land use plan amendment (appeal to federal court), a secretarial signature also consolidates what would be two separate appeals into one appeal in federal court. A signature by the BLM would not achieve this permitting efficiency. The BLM WO and BLM CA are waiting for the ASLM to decide whether or not a secretarial signature will be provided. They have no objection to our request. We met with Kate and Jim Cason on September 7, 2017 to make this request. At that time, we were told that ASLM had not yet made up its mind on the policy for the use of this authority. On November 17, 2017, Kate signed the BLM's Boardman to Hemingway Transmission Line Project in OR/ID. Based on this action, we met with Deputy Secretary Bernhardt on November 28, 2017 to renew our request for a secretarial signature. We were told by the Deputy Secretary that he would talk to Kate and encourage her by noting that "we are not in the business of not using authorities we have" to expedite permitting decisions. Since that time you were confirmed; we would like to meet with you to discuss this request. We have been working with BLM for 6 years and would like to reduce the opportunity for more delay consistent with this administration's policies to expedite domestic energy projects. (EO 13783, "It is in the national interest to promote clean and safe development of our Nation's vast energy resources, while at the same time avoiding regulatory burdens that unnecessarily encumber energy production, constrain economic growth, and prevent job creation. It is further in the national interest to ensure that the Nation's electricity is affordable, reliable, safe, secure and clean, and that it can be produced from coal, natural gas, nuclear material, flowing water, and other domestic sources, including renewable resources.") I appreciate your consideration of this request. Regards, Rebecca W. Watson

It is in the BLM 100 hallway right now and we are reviewing it to make sure it is consistent with policy direction and secretarial orders. If we feel it is, we would like to schedule a briefing for Friday with ASLM on this issue. We will need to connect with DOJ to lay out the litigation component of this project. BLM California will need to either file a request for an extension to work its way though our review process or file a declaration laying out the current state of things and why the FEIS is still not ready for publication. Can we find a time on Friday for this briefing?

**Description:**

Ms. MacGregor, I am writing to request a meeting for Statoil with yourself and Assistant Secretary Balash over the next couple of weeks per your availability. Statoil has not yet had an opportunity to meet with Assistant Secretary Balash and would like to introduce the company and provide an update on some of their activities. As you may know, Statoil has offshore oil and gas leases in the Gulf of Mexico. You may recall they previously had held Chukchi Sea leases. Onshore, they are in the Bakken, Eagle Ford and Marcellus plays. Statoil also has an offshore wind unit aptly named Statoil Wind US. Statoil Wind US is the holder of the New York offshore wind lease. They have also publicly stated interest in offshore wind off the coast of Massachusetts, California and Hawaii. Please let me know of when a meeting would be possible. Assuming we are able to meet, I would be joined by Melissa Shute from Statoil and Mike Olsen with Statoil Wind US. As always, should you have any questions, I'd be happy to answer them. Thank you! **Description:**

Susan Aldridge, Director Regulatory & External Affairs David Applegate, Wyoming Regulatory Advisor Joseph Milczewski, Wyoming Government Relations Manager Mark Hanley, Director Government Relations My name is Mark Hanley, I'm with Anadarko Petroleum and we would like to request a meeting with Assistant Secretary Joe Balash to brief him on the status of the Converse County Wyoming Environmental Impact Statement (EIS) and the benefits of the proposed oil and gas development to Wyoming and the country. The EIS is currently in the public comment period and the project is expected to provide over \$19 billion in federal, state and private royalty revenues and provide over 8,000 jobs at its peak. Our team is available for a briefing any time during the week of February 26th. Our preference would be Tuesday, Wednesday or Thursday of that week, but we are available any day or time that week that works best for Assistant Secretary Balash. If you are able to confirm a meeting day and time, I will follow up with a list of attendees, their titles and any other information you need. Thanks for your help with this. **Description:**

Briefing document attached. In the wake of the recent supplemental funding push for hurricane recovery efforts, BOEM would like to bring an issue to your attention. Specifically, the role our Marine Minerals Program plays in disaster recovery efforts, particularly those related to the restoration of beaches and coastal habitats. We appreciate the opportunity to brief PMB, POB, and ASLM on our program and how we work with stakeholders to process disaster recovery efforts projects. While we may have missed the opportunity for inclusion in the latest supplemental package, we want to make sure everyone is aware of the role we play so you all can advocate on our behalf for future supplemental requests.

I received your name from the person sitting in for Tracie Lassiter. I am the Founder of Western Land Group. WLG drafted and facilitated the passage of the Federal Land Exchange Facilitation Act and many other pieces of public lands legislation. Most of our work is related to land tenure on lands managed by the Departments of Interior and Agriculture. We worked with Senators Sullivan and Murkowski to pass the Alaska Mental Health Land Exchange legislation that was signed into law last year. This will be an introductory meeting. Meeting topics will include the Land Exchange program in general as well as continuing problems associated with the modification and revocation of Public Land Orders and other Notices that are regularly published by the Department in the Federal Register. I am not intending to make the discussion with Joe project specific although I have been working recently with Deputy Assistant Secretary Casey Hammond to address specific surnaming cases. I will be in DC next week through Thursday. I will likely make another trip or two to DC during March. Please let me know what dates/times might become available. The best ways to reach me are email and the cell below. Thanks and best. **Description:**

Dear Mr. Hayes, Ms. Monson was kind enough to send me your contact info. I write, at the request of Ms. Fran Ulmer, the Chair of the US Arctic Research Commission, a small, independent federal agency. I am the Executive Director of the USARC, the senior-most civil servant. Ms. Ulmer would greatly appreciate an opportunity to meet with Administrator Balash to discuss Alaska- and Arctic-related issues of mutual interest. Ms. Ulmer will be visiting Washington, DC, from Alaska the week of April 9-13. She's meeting with other USG representatives in the White House Office of Science and Technology Policy, with the Acting Administrator of NOAA, with the outgoing Commandant of the US Coast Guard, and with Senator Murkowski's staff, and the Director of the National Science Foundation. Currently, the best opportunity for a meeting from Ms. Ulmer's perspective would be the mornings of either April 10 or 13. If such a meeting could be arranged, Ms. Ulmer would be most grateful. I see, from your email address, that you are from BOEM. The USARC has worked closely with representatives from BOEM's Environmental Studies Program, and, of course, with the Alaska team. In fact, USARC has co-funded research projects with BOEM, including the MARES project headed by Dr. Guillermo Auad. Small world. Thank you. Sincerely, John Farrell

Barbara Donatelli (SVP) and Greg Razo (VP, Government Relations) from CIRI are going to be in town next week for the Alaska Day activities and I was hoping we could meet with you on Tuesday, April 17th for a few minutes to get your advice on an issue of significant importance. CIRI is underconveyed for the lands (a little more than a township) it's entitled to under ANCSA and has been working with BLM to identify appropriate lands to satisfy that underconveyance. In this and the prior Congress, legislation has been introduced to address the underconveyance but this is an issue that may be better remedied administratively. Can Barbara, Greg, and I get on your calendar for a few minutes on Tuesday that 17th to get your advice about how best to explore an administrative resolution. We wouldn't expect to talk substantively about any lands; rather, the goal would be to get your counsel about expediting discussions and an acceptable solution. We're wide open on the 17th - let us know if you can fit us in. Appreciate your consideration. Wally

It's great to see you there! I am following up a discussion that you had with Michelle Anderson, President, Ahtna Inc. at an AFN meeting in Anchorage a couple of weeks ago. The Ahtna Customary and Traditional Committee will attend the AFN Alaska Day on April 16 in Washington DC. Michelle would like to request a meeting with you on April 17th. The purpose of the meeting to follow up the concept that you discussed with Michelle that BLM might be able to exchange lands with the State in return for title to old Gulkanavillage lands that a federal trustee gave to the State of Alaska in the early 1970s. I look forward to hearing from you. Chris Chris McNeil, Jr. C: (b) (6) c.mcneil@att.net

Subject: meeting request to discuss venting and flaring rule  
Dear Mr. Steed, Mr. Bernhardt, Mr. Nedd, Mr. Willens and Mr. Balash:  
I write on behalf of The Wilderness Society and the Western Organization of Resource Council to request a meeting to discuss the Bureau of Land Management's venting and flaring rule. A small group of four members from the Fort Berthold Indian Reservation, Wyoming, Colorado and Montana would also join us for this meeting. Is there a good time for DOI/BLM on Wednesday, April 18th or the morning of Thursday, April 19th? As you know, members of our organizations have been deeply involved in the BLM's methane waste rule and it continues to be of great interest to us that the public's resources are not wasted. We would be happy to provide you with a full list of folks we expect to attend in advance of our meeting. Thank you in advance for your attention to our request.

Below is the webinar address that will need to be on (b) (5)

First project in the new NEPA Document Clearance Process  
The Office of Surface Mining Reclamation and Enforcement (OSMRE) is pleased to provide the attached PowerPoint Presentation, Notice of Availability, and Agenda, for your review prior to the May 3, 2018 briefing for the Juan Mine Deep Lease Extension Project and Draft Environmental Assessment (DEIS). This briefing is the first Review Team briefing scheduled as part of the Deputy Secretary's "NEPA Document Clearance Process" The purpose of the briefing is to conduct a streamlined review of the NEPA document and clearance prior to publishing the NOA in the Federal Register. Accordingly, this briefing replaces the current naming of documents related to EIS reviews with a new briefing process. Please review the attached materials. Copies of the DEIS, Appendix, and Supporting Documents are provided for review at San Juan Mine Deep Lease Extension Mine DEIS. Thank you.

Chris hasreceived confirmation that Deputy Secretary Bernhardt is out of theoffice all week and not available.We are very willing to pivot to Joel Balash and/or Kate McGregor. Wewould like the CEOs to meet with a senior political official if at allpossible. For your information, they are meeting with Brian Steed at4pm, but we would like to add another layer if possible since 4-5 CEOswill be here.Is it possible for you to make a congressional request or inquiry intoDOI, asking for Joel Balash, Kate McGregor, or both since some of the CEOs have operations in Wyoming? I know it is super late in the game,but we are delayed after the back and forth on the other schedulingfocus of the Secretary or Deputy Secretary.Please let me know your thoughts on this one. - David Vitter Co-Chairman 300 Tingey Street SE | Suite 202 Washington, DC | 20003 202.261.4000 officewww.mercuryllc.com From: dvitter@mercuryllc.com Date: April 24, 2018 at 9:40:06 AM CDT To: joseph\_balash@ios.doi.gov Cc: DRehberg@mercuryllc.com Subject: Meeting Request On Behalf of EnVen Energy Ventures LLC This is former Senator David Vitter, a friend, former House colleague, and colleague at Mercury LLC of Danny Rehberg. I am following up on his previous communications with you and Todd Willens regarding the above. We would very much like a meeting with you, Kate MacGregor, James Schindler, and anyone else appropriate to discuss two matters: 1) Future activity in certain federal waters off Alabama currently off-limits; and 2) The positive impact that additional royalty relief can have to energy production and federal revenue. Would any of the following dates work—May 1, 2, 9, or 10? Again, we would really appreciate the opportunity to discuss these two issues. I think my client would offer valuable real-world insight and perspective. Thank you so much, including for all of your public service.

**Description:**

Good Afternoon, Assistant Secretary - I hope this finds you well. I'm part of the PR team working on behalf of the Alaska Native Science & Engineering Program (ANSEP). ANSEP, founded by Herb Ilisaurri Schroeder, Ph.D., is part of the University of Alaska system. The program strives to effect systemic change in the hiring patterns of Alaska Natives in science, technology, engineering and mathematics career fields by placing its students on a path to leadership. Beginning at the middle school level, ANSEP's longitudinal model continues through high school and into undergraduate, graduate and doctorate programs, allowing students to succeed at rates far exceeding national numbers. Since 1995, 600 Alaska Native students have graduated from the University of Alaska with a STEM bachelor's degree with the support of ANSEP. By 2020, more than 3,000 ANSEP students will be on track for science and engineering degrees. Herb will be in D.C. From May 15 - 17, along with ANSEP alumnus and assistant civil engineering professor at UAA Matt Calhoun, Ph.D. They are hoping to meet with you to discuss opportunities within the Department of the Interior for hiring Alaskans enrolled with ANSEP graduating with bachelors and masters degrees. Would you have any availability to meet with them while they are in town? ANSEP creates opportunities for students from across Alaska to access STEM education and places them on the fast track to a career in these areas. I hope that you will have time to meet with Herb and Matt to discuss how they might be able to work with the Department of the Interior. Thank you for your consideration. All the best, Stephanie -- Stephanie Plienness Account Manager Thompson & Co. Public Relations Anchorage | Houston | New York City P.907.561.4488 C. 561.329.5934

**Description:**

Kate would like for us to set up a briefing for her (possibly Joe as well) on US-Bahamas Maritime Boundary Negotiations. Participants from BOEM are: Walter, James, me, and Timothy McCune. June 4, 5, 6, and 7 (before 3 pm) all will work. Earlier in the week would be better, since the actual negotiations will occur starting on Monday the following week. Walter will be on travel that week except Monday, but we can do it without him if needed. Thanks, Emily

From: Hannah Dewey Date: Tue, Jun 12, 2018 at 12:28 PM Subject: Re: [EXTERNAL] Methow Headwaters meeting request To: "SIO, Scheduling" ,joe\_balash@ios.doi.gov Cc: William Dove , Joseph Hayes , "O'Brien,Sean" Leila, Thank you so much for your help here and for referring me to your colleagues. Here is a little more information that I hope will help with the meeting request to Assistant Secretary Balash. I am the point of contact for the meetings and my cell phone is (b) (6) . Feel free to reach out by phone if that's better for you.

---

Dear Assistant Secretary Balash, I am writing to request a meeting time with you during our upcoming visit to DC (Monday June 18-Wednesday June 20) to discuss the Methow Headwaters mineral withdrawal request currently underway in Washington state. We acknowledge the mutual importance of this topic to you, your department, and our community's interests. As such, we place great value in the opportunity for us to meet and share thoughts and steps forward on this important topic. We have been working closely with Congressman Newhouse and his office who have been very supportive of our community's effort - I have cc'd Sean O'Brien on this email from Congressman Newhouse's office. We have overwhelming local, regional, and state-wide support of our request from elected officials at all levels, as well as various other organizations representing citizens, ranchers, farmers, and outdoor recreationists, including outdoor sportsman's groups. Our delegation visiting DC represents this diversity and comprises of the following individuals from the Methow Headwaters effort: • Maggie Coon, Board Chair, Methow Valley Citizens Council • Soo Ing-Moody, Mayor, Town of Twisp • Kevin van Bueren, Methow Valley business owner and Methow Valley Fly Fishing club board member • Jay Kehne, Conservation Northwest Associate • Hannah Dewey, Organizer, Methow Headwaters Campaign Additionally, Congressman Newhouse and/or his staff intend to join us in meetings, when possible. We appreciate the value of your time and would be extremely grateful for a slice out of your very busy schedule. I thank you for your consideration of our meeting and withdrawal request, and sincerely look forward to an opportunity to personally meet you and discuss the next steps of this critical request. I look forward to hearing from you, or your office, at your earliest convenience. Sincerely and with best wishes, Hannah + Methow Headwaters team

\*\* Remote participants: Please join by dialing into the conference line and joining the Google Hangout. BE SURE TO MUTE YOUR COMPUTER AND DISABLE THE CAMERA. \*\* In June, the USGS will announce a forthcoming energy resource assessment of the Eagle Ford Shale in Texas. The Eagle Ford Shale extends from the Mexico-U.S. border in southern Texas north through San Antonio towards Waco. The Eagle Ford has been an active oil and gas producing region for the past decade. USGS previously assessed the Eagle Ford in 2011. Using a geology-based assessment methodology, the USGS will assess estimates of undiscovered, technically recoverable resources of oil and natural gas. A news release is planned, and USGS expects to offer Congressional briefings.

NEC will be hosting a Critical Minerals PCC on Monday, June 25th from 11:00am - 12:00pm in EEOB 472. WAVES Link: <https://events.whitehouse.gov/?rid=39FW426JJ7> Colleagues, On December 20, 2017, President Trump signed Executive Order (EO) 13817 titled, A Federal Strategy to Ensure Secure and Reliable Supplies of Critical Minerals. The EO states that it is the policy of the Federal Government "to reduce the Nation's vulnerability to disruptions in the supply of critical minerals." To achieve this goal, the EO directed for the Department of the Interior (DOI) to publish a list of critical minerals. Next, after consulting with relevant agencies and White House components, the Department of Commerce was directed with submitting a report to the President that includes: (i) a strategy to reduce the Nation's reliance on critical minerals; (ii) an assessment of progress toward developing critical minerals recycling and reprocessing technologies, and technological alternatives to critical minerals; (iii) options for accessing and developing critical minerals through investment and trade with our allies and partners; (iv) a plan to improve the topographic, geologic, and geophysical mapping of the United States and make the resulting data and metadata electronically accessible, to the extent permitted by law and subject to appropriate limitations for purposes of privacy and security, to support private sector mineral exploration of critical minerals; and (v) recommendations to streamline permitting and review processes related to developing leases; enhancing access to critical mineral resources; and increasing discovery, production, and domestic refining of critical minerals. Commerce has a goal of transmitting the report to the White House by August 15, 2018. In order to meet this ambitious deadline, all of the agencies involved in writing the report will need to remain engaged. Hope Wyoming is treating you well. Our group, the American Conservation Coalition, will be in DC on June 25th and 26th and would love to meet with you if you're available. We've had meetings with other offices in DOI, but would be interested in meeting with you specifically regarding policy surrounding Public Lands. If you have anytime on June 25th, that'd work better for us, as I believe we'll be busier on the Hill on the 26th. Although, anytime you can fit us in we'd love to make it work! Sec Balash To: "Deeley, Blake" Hi Blake, On behalf of Orsted, I'd like to request a meeting with Joe Balash, Assistant Secretary for Land and Minerals Management, to discuss continuity of the renewable energy lease program while also informing the Department of their business and growing presence in the U.S. Headquartered in Denmark, Orsted has four business divisions with the largest division being Wind Power. Wind Power accounts for about 75-80% of the company and Orsted is the world leader in developing, building, and operating offshore wind farms. Orsted currently has two ongoing projects in the US- one off the coast of New Jersey (Ocean Wind) and a partnership to construct Coastal Virginia Offshore Wind (CVOW) off the coast of Virginia Beach, with Dominion Energy. Fred Zalzman, head of Government Affairs, North America, and Elisabeth Treseder, Senior Regulatory Advisor, US Government Affairs, are available for a meeting on the following dates: June 18th (afternoon only), 19th, 20th, 25th, and 26th. Please let me know if Joe might have any availability during that timeframe. We appreciate your consideration of this request. Your participation is optional. This is a roundtable with external partners and the Office of the Secretary. However you are more than welcome to attend as the main focus of the conversation will be on reorganization. Summary description of event: In support of the President's plan to reorganize the Federal Government and the Secretary's priority to reorganize DOI for the next 100 years, the Office of Intergovernmental and External Affairs is working on a round-table of President/CEO level executives from public policy organizations in Washington, D. C. as well as state based think tanks from around the country. Presidents and CEOs of these organizations will be invited to participate in an open dialogue with the Secretary on the reorganization plan as well as other priorities of the Secretary for 2018 and beyond. Timing: July 17, 2018 Contact: Todd Wynn, Director of the Office of Intergovernmental and External Affairs.

Since the last meeting with you in April, APIand LMOGA members have continued working to refine our position on afinancial assurance framework that would support our core principlesand the items found in the Financial Assurance Summary paper we sent following our meeting (attached). Specifically, we have reachedconsensus on draft regulatory text that could be used to address ourconcerns with the current program and to support our view of a newframework going forward. We would like to bring a group in to discusschanges that we think need to be made in the regulations, our rationalefor those changes, and potential ways the regulations could be amended.It is our understanding that BOEM staff is working on the proposedfinancial assurance rule at this time, so we would like to get in tosee you as soon as possible, during the week of July 23 or July 30 ifpossible. Thank you and please let me know when you would have time tomeet with us.
