

Interagency Aviation Information Bulletin

No. IA IB 20-02

Date: July 10, 2020

Page 1 of 2

Subject: McCall, Idaho Airport Ramp Resurfacing

Area of Concern: McCall Municipal Airport (KMYL)

Distribution: All Aviation Users

Discussion: Two *separate* airport improvement projects are underway at the McCall Municipal Airport (KMYL) that affects the U.S. Forest Service ramp and the airport taxiways.

In the first project, **the Forest Service is resurfacing the ramp surrounding the Airtanker Base, Jump Base, and Helibase.** The project has already started and is scheduled to be complete by the end of August. Approximate timelines are below. The Airtanker base will remain open throughout the construction period. Interagency aircraft flying to McCall that are unfamiliar with the construction projects can contact the FAO at [208-634-0967](tel:208-634-0967) or Payette Dispatch at [208-634-2757](tel:208-634-2757). If airborne, contact Dispatch on frequency [121.825](tel:121.825), or the Air Tanker Base on [124.125](tel:124.125) prior to arrival for best parking and staging locations.

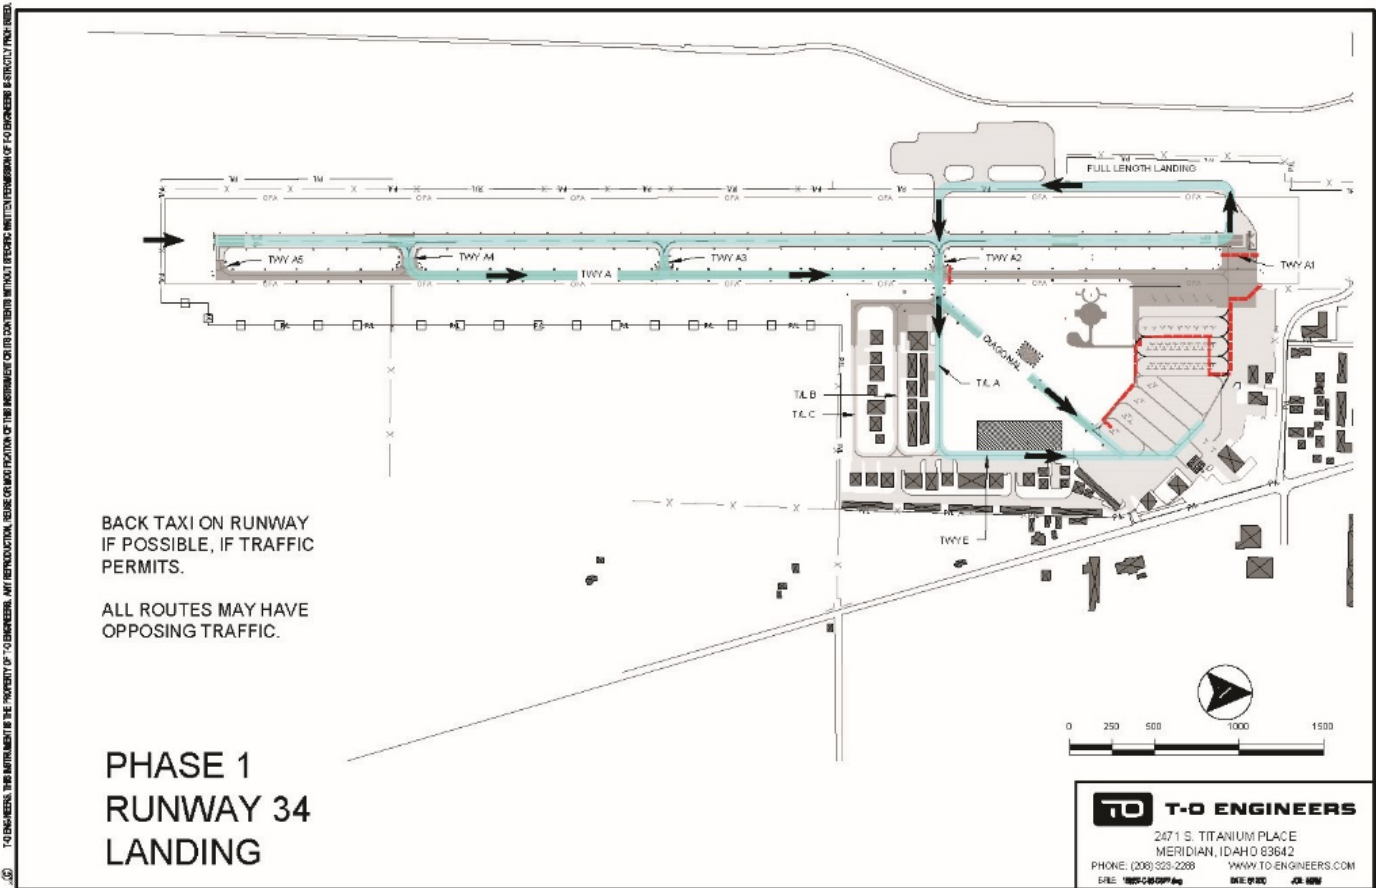

USFS Ramp Resurfacing Project/Construction

- 6/09/20 – 7/30/20 - Phase 2 - Smokejumper Ramp Asphalt
- 6/15/20 – 6/19/20 – Helibase Parking
- 6/19/20 – 7/13/20 – Helibase Fuel Containment Basin
- 7/07/20 – 8/05/20 - Phase 2 - Smokejumper Ramp Concrete
- 7/30/20 – 8/27/20 - Phase 3- Helibase Helipad

In the second project, **the McCall Municipal Airport is relocating a taxiway:** (*see diagram on page 2*).

- Phase 1 of the Taxiway Relocation Project has already started and is scheduled to be complete by August 2nd.
- Phase 1 will close the north end of taxiway A, the western portion of the main ramp.

Due to a change in the construction haul route, the diagonal taxiway will remain in service during this phase. Permanent closure of the diagonal is scheduled for August 3rd.

Additional information regarding this project is available at the following website:
