## **Regional Advisory Council membership application deadline extended through March 2, 2020**

The deadline for submission of applications to fill seats on the 10 Subsistence Regional Advisory Councils has been extended. Applications must be received via email or fax by close of business on Monday, March 2, 2020, or be postmarked by that date. The extension will provide additional opportunities for candidates in remote communities to apply to serve on the Regional Advisory Councils, allowing better user representation of different subsistence regions on the Councils.

Council membership appointments are typically for 3-year terms. Councils meet twice a year and provide advice and recommendations to the Federal Subsistence Board on subsistence management issues. Council meetings serve as a forum for public involvement in Federal subsistence management. Council members must be knowledgeable about the uses of fish and wildlife resources in their region.

Individuals may apply for membership themselves, or an individual or organization may nominate someone for Council membership. The application and information about the application process and the Subsistence Regional Advisory Councils are available on the Federal Subsistence Management Program website: [www.doi.gov/subsistence/regions](http://www.doi.gov/subsistence/regions). The application and additional information are also available by contacting the Office of Subsistence Management at (800) 478-1456 or (907) 786-3888.
