

## **The Trump Administration Is Supporting the People of the U.S. Virgin Islands**

*“We have the best doctors, the best military leaders, and the best logistics professionals anywhere in the world. And we’re orchestrating a massive Federal response unlike anything our country has ever seen.”*

**– President Donald J. Trump**

**Overview:** Response and recovery efforts are locally executed, State/Territory managed, and federally supported. Successful emergency management requires nationwide cooperation and unity of effort, combining the strength and ingenuity of our citizens and private sector with a sweeping, all-inclusive, and whole-of-government response. The below is a partial overview of Federal assistance provided to the U.S. Virgin Islands and the people of the U.S. Virgin Islands to combat the Coronavirus. The information is bolstered by hundreds of additional actions by the Federal government to help the people of the U.S. Virgin Islands. Implementation of the CARES Act is ongoing and will also bring additional support to the U.S. Virgin Islands. President Donald J. Trump and Vice President Mike Pence have appreciated the strong partnership with Governor Albert Bryan Jr.

### **Supportive Actions by President Donald J. Trump:**

- **President Trump Declares a National Emergency:** On March 13, President Trump **declared** a national emergency concerning COVID-19. The emergency declaration authorized direct Federal assistance, temporary facilities, commodities, equipment, and emergency operation costs for all States and Territories, including the U.S. Virgin Islands, pursuant to section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.
- **The U.S. Virgin Islands’ Major Disaster Declaration:** On March 27, Governor Bryan submitted a major disaster declaration request to the Federal Emergency Management Agency (FEMA). On April 2, President Trump **approved** the request declaring a major disaster in the U.S. Virgin Islands and ordered Federal assistance to supplement Territorial recovery efforts in the areas affected by COVID-19. For the first time in our Nation’s history, every State and Territory has a presidential disaster declaration at the same time.
- **Historic Economic Relief:** On April 24, President Trump **signed** the *Paycheck Protection Program and Health Care Enhancement Act* into law. The law provides further unprecedented economic relief to American citizens, small businesses, workers, healthcare providers, and State, Territorial, local, and tribal governments and builds on the *Coronavirus Aid, Relief, and Economic Security (CARES) Act, Families First Coronavirus Response Act, and the Coronavirus Preparedness and Response Supplemental Appropriation*. More **here**. Additionally the U.S. Virgin Islands allocation information is found below.
- **National Guard Support:** On April 2, President Trump **directed** FEMA to fund 100% of the emergency assistance activities provided by the U.S. Virgin Islands National Guard personnel in Title 32 duty status, per Governor Bryan’s request.

**Testing, Resource & Logistics Support:** FEMA is working with the U.S. Department of Health & Human Services (HHS), other Federal agencies, and private sector partners, to produce, allocate, and distribute key resources to the U.S. Virgin Islands. Most notably, these include personal protective equipment (PPE), testing supplies, ventilators, and the expedition of critical supplies from overseas to various U.S. locations.

- HHS, the Centers for Disaster Control and Prevention (CDC), and the Food and Drug Administration (FDA), are providing unprecedented regulatory flexibilities, resources, and guidance to expand the availability of testing and to assist the U.S. Virgin Islands and States and Territories across the country in scaling testing. Learn more from the CDC **here** and FDA **here**. In addition, the CARES Act and other supplemental disbursements, alongside FEMA resources, are important avenues for States and Territories to scale testing.

- In support of the White House Coronavirus Task Force, FEMA and HHS are coordinating a whole-of-America approach to source PPE, ventilators, testing supplies, and other critical resources for States, Tribes, and Territories. The effort is led by Rear Admiral John Polowczyk of the Joint Chiefs of Staff. For more on the Supply Chain Stabilization Task Force, read more [here](#).
- As of April 27, FEMA delivered 24,520 N-95 masks, 59,055 surgical masks, 7,179 medical gowns, 820 coveralls, 8,731 face shields, and 48,760 gloves from the Strategic National Stockpile to the U.S. Virgin Islands.
- As of April 27, FEMA obligated \$12.5 M for COVID-19 response efforts in the U.S. Virgin Islands and will continue to obligate additional dollars per validated Territory requests.
- The U.S. Army Corps of Engineers (USACE) has worked with the U.S. Virgin Islands to increase hospital capacity in the U.S. Virgin Islands by 24 beds (as of May 1) in one COVID-19 facility. USACE is providing resources and personnel to create an alternate care facility in St. Croix (210 ARNG Training Facility). More [here](#).

**Federal Agency Support:** The Trump Administration continues to provide unprecedented resources, guidance, and regulatory flexibilities for State/Territory, local and tribal governments to develop and deploy innovative solutions for addressing COVID-19.
